

Whole House Dehumidifier for Crawl Space & Basement

Hurricane 1250

Proven performance

- ◆ The Hurricane 1250 dehumidifier provides high performance with low energy consumption - with some amazing engineering removes 125 pints of water per day (at AHAM) while with a current draw of 9.0amps, making it one of the most powerful dehumidifiers on the market. The high-efficiency rotary compressor ensures maximum extraction at the
- ◆ Compared with competitors, the Hurricane 1250 dehumidifier has a unique design like roto-mold housing in back-up-box construction. The unit can be disassembled in 10 seconds when some internal service is requested like internal cleaning, pump service. As the pump has a quick connector, so it can be taken out freely by pulling out the quick connector.
- ◆ The Hurricane 1250 dehumidifier is leading the industry by introducing epoxy-coated coils. This new feature will extend the life of the coils by providing protection in corrosive environments and maintaining the coil's heat transfer ability over the life of the coil. Equipped with excellent airflow, pre-filter, the item is a lightweight yet rugged appliance ideal for commercial and residential work. Its compact size permits one-man operation, yet it has the capacity to extract humidity in several rooms at one time. Best of all, it's affordably priced within the budget of most restoration specialists. Multiple ducting options are a great feature for homeowners which can dry humid rooms and circulate dry air in the space.

Features

- ✓ cETL
- ✓ More Thorough, and More Quick
- ✓ Condensate Pump
- ✓ Easy Handling
- ✓ Environmental R410A Refrigerant
- ✓ Memory Starting
- ✓ Large Diameter Wheels
- ✓ Cable / Hose Wrap
- ✓ Quick Connection to Cable/Hose
- ✓ Auto Defrosting System
- ✓ Pre Filter & MERV-8 Filter
- ✓ Housing in Back-up-box construction (the unit can be disassembled in 10 Seconds When some internal service is requested)
- ✓ Quick connector to Pump(the pump can be taken out freely just pull out the quick connector)
- ✓ Hours Run Meter providing accurate run time measurements
- ✓ Compressor Type
- ✓ Ducting Options
- ✓ Auto Defrosting
- ✓ Water-Full Protection
- ✓ Automatic Humidistat Control
- ✓ Washable Air Filter
- ✓ Rotational Moulded Body
- ✓ Low Temperature
- ✓ Rare Earth Alloy Tube Evaporator
- ✓ Quick connector to Cable/Hose
- ✓ Ridged handle for easy transport
- ✓ High capacity with Super COP

Durable wheels ensure portable ease

Convenient storage for power cord and drain hose

Removable MERV-8 Filter

Memory Activation

Smart LCD Display Panel

Auto Error Detection

Heavy-duty condensate pump

Rare earth alloy Tube Evaporator

- 5.Can effectively avoid excessive humidity in a space where is easy for mold, mildew, and fungi to thrive.

- ✓ Flood & Restoration
- ✓ Carpet Cleaning
- ✓ Basements / Cellars
- ✓ Laundries
- ✓ De-Flooding
- ✓ Drying Furnishing
- ✓ Offices
- ✓ Laboratories
- ✓ Tradesmen
- ✓ Garages

What can we benefit from a high cop dehumidifier?

Abestorm High COP Dehumidifiers are affordable solutions to your humidity problems. This investment in indoor air quality and inner comfort can be paid back by a few year's energy savings. Customers can save up to \$250 per year in energy costs with dehumidifiers working for their families! And that doesn't include the savings from using thermostats instead of air conditioning. Once you can maintain a consistent relative humidity of 50% or less, you will no longer have to keep the thermostat at low, uncomfortable temperatures once used to control humidity.

Hurricane 1250 has a 5 years warranty.
